

1 install the software from the Concept Audio website:

[http://www.conceptaudio.eu/content\\_uploads/files/concept\\_audio\\_allcontrol\\_32\\_bit.rar](http://www.conceptaudio.eu/content_uploads/files/concept_audio_allcontrol_32_bit.rar)

2 Also run the C++ software update( this should be asked after installing Concept Audio.

3 right click on the shortcut of concept Audio all control software

4 Go to capability

5 make sure that " run like administrator" is active. (see picture)
